Hi Erle,

Here is what the project estimates are using the Siemens turbines. Nothing really changes except the turbines costs and some additional costs onto erection and foundations.

Description	Cost
Turbine Cost	\$ 30,400,000
Collector System	\$ 2,300,000
Road Construction	\$ 3,400,000
Structural Installation	\$ 2,300,000
Development Costs	\$ 3,000,000
Turbine Foundations	\$ 2,300,000
Transmission Line and Transformer	\$ 2,000,000
Operations & Maintenance Building	\$ 300,000
Other Costs	\$ 1,000,000
Total	\$ 47,000,000
